

Is the Eatwell Guide for me?

- The Eatwell Guide applies to most people regardless of weight, dietary restrictions/preferences or ethnic origin.
- However it does NOT apply to children under the age of 2 because they have different nutritional needs. Between the ages of two and five years, children should gradually move to eating the same foods as the rest of the family, in the proportions shown in the Eatwell Guide.
- Anyone with special dietary requirements or medical needs should check with a registered dietitian, or their GP, on how to adapt the Eatwell Guide to meet their individual needs.

8 tips for eating well for the whole family

1. Base your meals on starchy foods; choosing wholegrain varieties where possible.
2. Eat more fruit and vegetables; strive for five!
3. Eat two portions of fish every week; one of which should be oily.
4. Choose unsaturated oils and spreads and eat in small amounts.
5. Choose lower fat, lower sugar options where possible.
6. Choose high fat, sugar and/or salty foods and snacks less often and in smaller amounts.
7. Eat breakfast every day.
8. Drink 6-8 cups/glasses of fluid a day.

When should I use the Eatwell Guide?

You can use the Eatwell Guide to make healthier choices whenever you're;

- At home deciding what to eat, what to cook, what to put in a lunchbox or what to shop for
- Out shopping – aim to fill your trolley/basket with a healthy balance of different types of food
- Eating out in a restaurant, café or work canteen, or when you're choosing food on the run – follow the Eatwell Guide to help you choose a healthy balance.

Check the label on packaged foods

Each serving (150g) contains

Energy	Fat	Saturated	Sugars	Salt
1046kJ 250kcal	3.0g	1.3g	34g	0.9g
	LOW	LOW	HIGH	MED
13%	4%	7%	38%	15%

of an adult's reference intake
Typical values (as sold) per 100g: 697kJ/167kcal

Choose foods lower
in fat, salt and sugars

Eat at least 5 portions of a variety of fruit and vegetables every day

Eat less often and
in small amounts

Eatwell Guide

Use the Eatwell Guide to help you get a balance of healthier and more sustainable food. It shows how much of what you eat overall should come from each food group.

Choose wholegrain or higher fibre versions with less added fat, salt and sugar

Choose lower fat and
lower sugar options

Beans, pulses, fish, eggs, meat and other proteins
Eat more beans and pulses, 2 portions of sustainably sourced fish per week, one of which is oily. Eat less red and processed meat

Dairy and alternatives

Choose unsaturated oils
and use in small amounts

pin me
up!

Water, lower fat
milk, sugar-free
drinks including
tea and coffee
all count.

Limit fruit juice
and/or smoothies
to a total of
150ml a day.

Per day 2000kcal 2500kcal = ALL FOOD + ALL DRINKS
